

# CLASS 2 VESTS

## LED X-Back Safety Vests ANSI Class 2 Compliant

- 5-point breakaway Velcro® closures at shoulders, waist and front
- **One adjustable option fits sizes: SMALL-5XL**
- 14 LED lights flash 50-70 times per minute  
Easily change to 3 modes of lighting; steady, fast blink, slow blink by push button. Visible from over 1,000 yards\* **Requires 3 AA batteries**
- Easy access on/off switch on front of vest plus a secondary switch on battery holder to prevent residual battery loss
- High-visibility breathable mesh vest features a radio pocket, high-vis gro-grain and reflective trim that is visible for over 100 yards  
**PLUS an X-back design for identifying whether the wearer is advancing or departing**

Available options:  
**Class 2 X-Back LED High-Vis ORANGE**
