FORTEX
WITH NOMEX® NANO FLEX

NFPA 1970-certified
**STRUCTURAL
FIREFIGHTING HOODS**
are designed for interior structural
firefighting.

Featuring advanced particulate-blocking
protection, they provide thermal and flame
resistance for the demanding conditions
encountered during structural firefighting
operations.

PART NUMBER:
FORTEX BLK FI FLAG RIBBON PINK

MSRP: \$175.99

PART NUMBER:
FORTEX BLK FI PINK RIBBON

MSRP: \$175.99

PRO-X2

NFPA 1970-certified
PROXIMITY HOODS
are designed for proximity
firefighting.

Can also be used for exterior and
non-structural firefighting operations.
Lightweight and comfortable, they
provide thermal and flame resistance for
applications where interior structural
entry is not required.
